**English translation:**

We came to know Suhana through Facebook. Coincidentally at that time Suhana had a plan to go to Jakarta, so we straightaway arranged a time to meet. Suhana helped us to check and analyse our house. His findings showed some problems which have slowed down our business and contributed to our difficulties in conceiving a baby.

Suhana assisted us to overcome the problems through his simple and easy-to-carry-out recommendations. Our business has now started to flourish and I am now also pregnant. Suhana's feng shui recommendations are sensible and easy to apply. For those who look for feng shui practitioner, we would highly recommended Suhana Lim. Thanks.
